Count Your Paydays

A month is not a pay period. Count your own paydays, month by month, and name what the extra ones are for.

HOW I AM PAID

☐ **Every week**	52 paydays a year. 4 months of the year have 5.
☐ **Every 2 weeks**	26 paydays a year. 2 months of the year have 3.
☐ **Twice a month**	24 paydays a year. Every month has 2.
☐ **Once a month**	12 paydays a year. Every month has 1.

My payday lands on a _____ **First payday of the year** _____

MONTH	PAYDAYS	EXTRA?	WHAT THE EXTRA ONE IS FOR	AMOUNT
January				$
February				$
March				$
April				$
May				$
June				$
July				$
August				$
September				$
October				$
November				$
December				$

What the extra paychecks add up to $ _____

The amount column, added down.

Add the paydays column down before you trust it. Paid every week it comes to 52 or 53. Paid every two weeks, 26 or 27. Twice a month it is 24, and once a month it is 12.
